Avila Beach County Water District

PRESENT: Directors Byron Briley, Tom Guernsey, Archie McLaren,
Kurt Grife

ABSENT: Director Marvin Dee

Resolution No. 94-3

DATED: March 1, 1994

RESOLUTION OF THE BOARD OF DIRECTORS OF

AVILA BEACH COUNTY WATER DISTRICT

SETTING SEWAGE DISPOSAL RATES

[Water Code § 31101]

WHEREAS, the Board of Directors makes the following findings:

1. Previous sewer service charges have not been sufficient to cover waste water operating costs;
2. The District's Small Communities Grant Contract requires a revenue program which demonstrates that the District's waste water revenue program covers operating expenses;
3. It is the policy of the District to follow accepted Government Enterprise Fund practices, which require that the fund should support itself from operating revenues;
4. Increased costs of operating, based upon the best financial and technical information provided to the District, indicate that increased expenses for the improved sewage treatment plan will be \$35,000 per year;
5. Different classes of customers generate different costs of sewer service, for example:
 - A. Industrial customers, including laundries, put chlorine, detergents, and other chemicals into the waste flow which degrade the biological processes at the plant and therefore require extra treatment;
 - B. Restaurants place increased requirements on the sewage lines and treatment system because of increased amounts of

grease, oil, and other chemicals;

C. Commercial customers place increased demands on the system by placing larger amounts of substances in the flow that require additional treatment.

6. Customers in multi-family units having master meters do not each pay the per-meter minimums, and therefore in order to create equity among residential customer users the rate per unit for waste water flow is higher to multi-family units than single family residences.

NOW, THEREFORE, be it resolved by the Board of Directors of Avila Beach County Water District as follows:

The District hereby adopts the waste water service rate schedule, a copy of which is attached hereto marked Exhibit A and incorporated herein, pursuant to Water Code § 31101, effective immediately.

Passed and adopted by the Board of Directors of the Avila Beach County Water District on this 1st day of March, 1994, on the following roll call vote, to-wit:

AYES: Directors Archie McLaren, Bryon Briley, Kurt Grife,
Tom Guernsey
